## Marjorie Powell Allen Chapel

This nondenominational chapel features doors that stretch 13 feet high. The chapel has 2,550 square feet of glass, allowing the building to blend with the surrounding prairie. It is 47 feet high, 102 feet long and seats up to 140 guests. Includes access to the Miller Hammond Chapel Study for dressing rooms and small private events.

## The Fountain Garden

This gorgeous garden is built around a stone-cut floral pattern fountain that shines day or night with ever-changing water patterns. Low walls surround the fountain and act as garden seats that provide a space for relaxation, while the cascading terrace steps lead to an overlook providing an aerial view of the surrounding gardens.

## Marlese Lowe Gourley Island Garden

This man-made island is part of a lush water garden with a diverse array of aquatic plants. A winding path, a sunken garden, tiered pools and an elegant blue heron sculpture make this a serene oasis for your special event.
