

JOB DESCRIPTION

- Position Title:** Dual Horticulture Internship at Powell Gardens: Kansas City's botanical garden and Unity Village World Headquarters in Lee's Summit, Missouri
Free housing provided at Unity Village as part of the internship
- Positions:** Four (4) interns four days at Powell Gardens; One (1) day at Unity Village
One (1) intern four days at Kauffman Memorial Garden in Kansas City; One (1) day at Unity Village
- Written By:** Tabitha Schmidt, Executive Director/President
- Position Reports:** Coordinator, Gardens/Interim Director, Gardens
- Department:** Horticulture
- Exempt/Non-Exempt:** Non-Exempt, contractual, \$8.00/hour @ 40 hours/week, plus free housing

1. Position Summary

Working for both Powell Gardens and Unity Village, interns will have the opportunity to sample a variety of horticultural specialties including seasonal displays, edibles, aquatic, production, grounds/natural resources, golf course/turf management and a rose garden.

Interns will gain insight, skills and mentorship through widely diverse gardens and grounds. Interns will rotate through these diverse gardens working with the horticulture supervisors and their teams. Interns will be invited to meet and learn from other non-horticulture professionals at the Garden including administration, education and development. The goal of the internship is to be exposed to the diverse specializations within horticultural sciences, theory and practice, and instill a passion for public gardens.

2. Essential Functions

- Planning, planting and maintenance of various gardens.
- Fertilizing, watering, weeding, grooming
- Pruning
- Pest control
- Equipment operation such as mowers, trimmers, spray equipment and blowers
- Harvesting and support for the Community Supported Agriculture (CSA) membership program for the Heartland Harvest Garden
- Design and installation
- Plant ID, record-keeping and labeling

3. Internship Outcomes

- At the completion of the internship, interns will be able to:
 - Demonstrate exterior horticulture principles and practices in a Midwest ecosystem
 - Exhibit grounds management skills related to planting, pruning, watering, mulching, raking and spraying
 - Have an understanding of plants that grow and thrive in the Midwest, specifically in Missouri
 - Have been a valuable member of the Horticulture team at two major organizations
 - Demonstrate management practices related to woody trees and shrubs, perennials, annuals, edible and aquatic gardens
 - Practice safe and effective horticultural tool and equipment maintenance
 - Strong resume experience and a solid reference from a renowned botanical garden and important community organization

4. Sphere of Responsibility

- Member of the horticulture team at Powell Gardens and Unity Village
- Ambassador for Powell Gardens and Unity Village
- Visitor interaction

5. Internal and External Contacts

Internal: Powell Gardens staff, Unity Village staff, Horticulture department, Maintenance department, volunteers

External: Visitors

6. Consequence of Error

Interns are members of the Powell Gardens and Unity Village horticulture teams and must understand they are responsible for the overall aesthetic and care of the Garden. Proper protocols, quality control and attention to assigned duties are critical in the role and, if not followed, could result in damaged plant material, a poor visitor experience and a loss of income.

7. Experience/Education

Education	Students enrolled in an AAS, Bachelor's or Master's program in relevant field such as horticulture, botany, turf management, landscape maintenance, agriculture, etc...
